The Twentieth Century.

When a few months more shall have passed we will then stand at the very threshold of the twentieth century, and the nineteenth, in the twentieth century, and the nineteenth, in whose one hundred years the greatest progress of the world has been made, will be a thing of the past. It will, however, be known as the century of invention and discovery, and among some of the greatest of these we can truthfully mention. Heatetter's Stomach Pitters, the celebrated remedy for all allments arising from a weak or disordered stomach such as dyspersia, indigestion, flatulency, constitution and billiousness. It has been without a doubt one of the greatest blessings to mankind during the past lifty years as a tonic and health builder. Many prominent physicians prescribe and recommend it, and say that it should be in every household. Take their advice, buy a bottle and be convinced, but be sure to get the genuine with a Private

MILLIONS OF MEN

Have Been Wrecked on the Rock of Sexual Vice.

Thousands Right Here in St. Louis Have Been Rescued by the Hand of Medical Science.

I make no extravagant assertion when I say that millions of men have been wrecked on the rock of sexual vice. The trouble is not so much that they get disease, but rather that they allow it to grow worse through neglect or improper treatment. This fact is responsible in many cases for nine-tenths of the suffering.

You should remember that sexual diseases are never on the standstill. Neither can you make any compromise with them. Either you must control them or they will control you, and render you utterly unfit for the ordinary duties and pleasures of life.

Belts, Specifics, Free Samples, Trial Treatments, Electro-Medical combinations and the like don't cure complaints of this kind, as any one who has tried them knows.

But if you have Varicocele, Stricture, Syphilitic Blood Poison, Nervo-Sexual Debility, or any associate disease or weakness, you owe it to yourself to fully and freely investigate my treatment. My mastery of these maladies is complete. I began a special study of them soon after graduating from college, now nearly a quarter of a century ago, and during

all the years since then they have been my steady and persistent practice. I treat nothing else. Does it not occur to you, then, that I am better prepared to combat and conquer diseases and weaknesses peculiar to men than the genera practitioner, who, instead of concentrating his faculties on a single class of diseases, scatters them over the entire field of medicine and surgery?

Whatever may be the cause of varicoccie, its injurious ef-VARICOCELE fects are too well known for extended comment. Suffice to ray that it depresses the mind, weakens the body, racks the AND ITS NEW CURE. nervous system, and ultimately leads to a complete loss of sex-

nal power. If you are a victim of this dire discuss come to my office and let me explain to you my process of treafing it. You will then not won-der why I have positively cured more than 700 cases of vericecele during the past Making and pool-selling."

Another act of the last Legislature which will be assailed is that known as the "Fure Food Law," approved May II, 1899. Its constitutionality is attacked in the case of State vs. Layton, set for hearing October 19. In this case Stewart, Chantragham & Ellot of St. Louis will assist the Attorney General in his efforts to establish the validity of the law.

There are three men on the docket with the death penalty assessed against them.

STPICTION twelve months. Under my treatment the patient improves from the very beginning.

STRICTURE PAINLESSLY REMOVED.

It matters not how long you have suffered from Stricture, nor how many different doctors have disappointed you, I will cure you just as certainly as you come to me for treatment. I will not do it by cutting or dilating. My treatment is new, en-

tirely original with me, and perfectly painless. It completely dissolves the Stricture and permanently removes every obstruction from the urinary passage. It stops every unnatural discharge, alloys all inflammation, reduces the prostate gland when enlarged, cleanses the bladder and kidneys, invigorates the sexual organs and restores health and soundness to every part of the body affected by the disease.

NERVO-SEXUAL DEBILITY ITS REMEDY:

Men, many of you are now reaping the result of your former folly. Your manhood is falling, and will soon be lest unless you do something for yourself. There is no time to lose, Impotency, like all sexual discuses, is never on the standstill, With it you can make no compromise. Either you must mus-

ter it, or it will master you, and fill your whole future with misery and indescribable woe. I have treated so many cases of this kind that I am as familiar with them as you are with the very daylight. Once cured by me, you will never again be bothered with emissions, drains, prematureness, small or weak organs, nervousness, failing memory, loss of ambition or other symptoms which rob you of your manhood and ab-

scupation; two years.
Esther Miller St. Louis city; receiving stolen solutely untit you for study, business, piecesure or marriage. My treatment for weak property; four years.
Lafe Holland, Buchanan County; assault with healthy, happy man, with physical, mental and rexual powers complete.

SYPHILIS CURED FOREVER.

On account of its frightful hideousness, Syphilis is commonly called the king of all venereal diseases. It may be either hereditary or contracted. Once the system is tainted with it, the discase may manifest itself in the form of scrofula, ecezma, rhou-matic pains, stiff or swellen joints, eruptions or copper-colored

spots on face or body, little ulcers in the mouth or on the tongue, sore throat, swolspots on face or body, fittle dicers in the mount of an the longer properties decay of len tossils, failing out of the hair or eyebrows, and finally a legrous-like decay of the firsh and bone. If you have any of these or similar symptoms, you are cordially invited to consult me immediately. If I find your fears are unfounded I will quickly unburden your mind. But if your constitution is infected with syphilitia virus I will tell you so frankly, and show you how to get rid of it. My special treatment for Blood Poison is practically the result of my life work, and is indersed by the best physicians of America and Europe. It contains no dangerous drugs or injurious medicines of any kind. It goes to the very bottom of the disease and forces out every particle of impurity. Seen every sign and symptom of blood poison disappear, completely and forever. The blood, the tissue, the flesh, the bones and the whole symtem are cleansed, purified and restored to perfect health, and the patient prepared anew for the duties and pleasures of life.

ALL ASSOCIATE In curing a disease of any kind I never fail to remove all re-DISEASES

flex complications. If the case is Varicocele, the weakness caused by it disappears. If it is Stricture, and has developed into Prostatic, Bladder or Kidney affections, the injured organs are all restored to a perfectly healthy condition. If it is blood poison, any and all Skin, Blood and Bone diseases arising from the taint are entirely

and permanently eliminated from the system. If it is Impotency, the many distressing symptoms following in its train and indicating a premature decline of physical, mental and sexual power are totally removed and rapidly replaced by the youthful energy of robust manhood. Hence all resulting ills and reflex complications, which may be properly termed associate diseases, and which, in fact, are of-ten more serious than the original ailment that gives rise to them-all I say, disappear completely and forever with the cure of the main malady.

TREATMENT BY MAIL.

Most cases can be treated successfully at home. One personal visit is preferred, but if it impossible or inconvenient for you to call at my office, write me a full and unreserved history of your case, plainly stating your symptoms. Physicians having stubborn cases to treat are cordinly invited to consult me. I make no charge for private counsel, and give to each patient a legal contract

in writing to hold for my promise. Address all communications to W. A. COOK, M. D., or to the
